

→ PEOPLE ARE OUR BUSINESS  
AND CLIENT SATISFACTION  
IS OUR GOAL

iTalent is a leading provider of innovative resource talent for temporary, permanent, and contract solutions. Our core competency is the placement of contract, contract-to-hire, and permanent technical professionals. Our corporate headquarters are located in the heart of the Silicon Valley in Northern California.

We have a proven track record of deploying the right people, skills, and technologies. We accomplish this through our quality reviews, efficiency, and cost reductions, which enable our customers to concentrate on their core business activities.

#### OUR BUSINESS PHILOSOPHY

People are our business and client satisfaction is our number one goal. We operate efficiently so we can pass on significant savings to our clients while providing the best resource talent available.

Talent, culture considerations, knowledge, and cost savings exemplify our core values that drive customer satisfaction at iTalent.

- We understand how to work with talented resources and connect them to opportunities where they will be motivated and productive.
- All of our customers get the benefit of our exclusive methodology—**Cultural Connect**®, assuring an excellent cultural fit between the talented resources we place and our customers.
- We share our knowledge with our customers to help them successfully manage their human resources.

#### OUR SERVICES

In business, people are our greatest asset. Behind every successful business are talented individuals that make the difference and deliver on the promise. iTalent is dedicated to providing the talent to help you achieve your business goals.

We provide innovative resource talent solutions for companies of all sizes to meet the challenges of today's changing business environment. We have national resources and local focus to help you maximize the efficiency and productivity of your resources through our wide array of services:

- Technical, professional, and traditional staffing resources from IT professionals and engineers to administrative and call-center personnel.
- Flexible staffing to meet fluctuations in your resource requirements.
- Quality assessment, testing, and training for virtually any job type.
- Onsite management of your resources.
- Transitional staffing and management during business changes such as acquisitions, layoffs, and mergers.

*I needed qualified and screened candidates in a very short time and iTalent worked with me all the way—they worked with my schedule and met my requirements. iTalent exceeded my expectations in every aspect of the engagement.*
